

موضوع الأطروحة	اسم الطالب	ت	ت الكلبي
Success rates in a piecetomies when post-op. primary and secondary intention healings.	سلامة حصون عبد الله	1	159
Evaluation of the different methods of treatment of recurrent aphthus ulceration	ستنس عباس علي	2	160
Orbital floor fractures	ظافرة حسن مجيد الدجيلي	3	161
The detection of the jaw abnormalities by use of panoramic radiographic survey	سحر شاكر غني	4	162
Bengin cystic tensions of the jaws prospective clinic patho logic study.	جمال عبد محمد	5	163
Evaluation of mandibular reconstruction after war injuries	علي داود	6	164
Comparative study of periapical dentoalveolar infections in upper and lower jaws.	رحمن محمود هلوس	7	165
Effectiveness of orglanalgesia in acute intra oral pain.	رمزي محمود عباس	8	166
Maxillo facial war injuries during the Iraqi-iranian war, analysis of 300 cases.	راند سعيد	9	167
Evaluation of the effect of low energy laser on the incidence of dry socket (comparative study)	علي حسين عباس الحسيني	10	168
Evaluation of success rates in different techniques of periapical surgery used in treatment of anterior teeth with periapical lesions	حلمي أحمد يونس محمد الطائي	11	169
Evaluation of the locale effect of applications of mastic on oral ulcers.	سعد محمد ابراهيم	12	170
Early and late complications of middle third fractures of the face.	عبد لفته هرييد التداوي	13	171
clinical evaluation of intra oral regional mandibular nerve block technique in oral surgry	ريان سالم حامد	14	172
Clinical evaluation of dexamethasone and piroxicam on swelling trismus and pain after surgical removal of mandibular third molar	جبار جعفر صير	15	173
Lateral cervical flap uses and applications in reconstructions of oral and extraoral.	نجاح حبيب صالح	16	174
oral manfstation associated with diabetes melletus (comperetive study)	أنور عبد الحسين مهدي	17	175
Intentional replantation of teeth.	منذر مرهج راضي	18	176
The sub clinical extension of basal cell carcinoma.	شكر حمودي ابراهيم	19	177
Use of temperal facial sling flap to the lateral side of the capsule of the TMJ.	نزيه شعبان مصطفى	20	178
TMJ dysfunction syndrome diagnosis and chemotherapy.	ستنس أنور محمد	21	179
التقويم السريوي والشعاعي لزراعة الشفرات نوات الفتحات على المرضى العراقيين	وليد حاتم منهل	22	180
Effect of diphenylhy dontoin sodium on the healing of extraction wounds in hamsters.	شذى حمزة غريب الخفاجي	23	181

موضوع الأطروحة	اسم الطالب	ت	ت الكلية
Arthro tomography of TMJ.	عبد المجيد عبد الطيف	24	182
Terotogenic effects of dexamethasone and retinoic acid on secondary plates of mice.	عطاالله فتحي رجب	25	183
Mandibular growth and histologic changes in candylar cartilage of guinea pigs treated with 1-alpha hydroxychole calciferol.	عماد أحمد سلمان	26	184
استعمال رشفا العينة السمية بالابرة الدقيقة في تشخيص اورام الفم والوجه والفكين	عماد حمودي عبد الله	27	185
effect of repair of surgically createrd unilateral cleft lip on facial skeleton growth	وفاء خالد عبد	28	186
Biochemical analysis of saliva in patients with diabetes mellitus.	أحمد بحر محمود	29	187
microbial stutus of the root canal and chronic periapical leasion	برع سلطان منوه	30	188
Histopathological changes in the TMJ after mandibular osteotomy.	سندس عبد الودود نعمة	31	189
Facial paralysis etiology clinical and electro physiological studies.	عماد سلمان الربيعي	32	190
terotogenic effects of phenytoin	محمد نافع محمد	33	191
Ridge augmentation (clinical study).	تحرير نزال نايف	34	192
Effects of immobilization on the rabbit TMJ.	طارق نصيف جاسم	35	193
Evaluation of surgical exposure for orthodontic alignment of impacted maxillary canine.	هديل زهير منير	36	194
Effect of intra-articular injection of methyl prednislone acelate in the rabbit TMJ.	ظهير الدين عبد الرحيم خيرى	37	195
	زهير علاء	38	196
Healing of the tooth extraction wounds in rats with hyperthyroidism an experimental study.	حازم محمود ابراهيم الجاسم	39	197
Cranial bone graft to reconstruct the mandibular condyle.	هشام محمد علي خليل	40	198
evaluation of defferent typs of intra oral fixation for reproducible fracture in angel and edentulous area od sheeps mandibule	محمد طاهر هيدر	41	199
the effect of vasoconstrictors containing local anasthetic solution on plasma glucose in normal and diabetic volunteers	فائز عبد الرزاق ايوب	42	200
Microneuro surgical anastomosis of peripheral nerve.	جميل محمد حلمي	43	201
	دنيا وديع سبع الفياض	44	202
	فائز يعقوب الحمداني	45	203
microscopical cisectomy of TMJhanges after men	محمد صديق عبيد	46	204

موضوع الأطروحة	اسم الطالب	ت	ت الكلية
evaluation of biocompatibility of four types of iraqi manufactured dental amalgam alloys	محمد صالح سليمان	47	205
Chondro-osseous iliac crest graft for TMJ reconstruction.	ميسر أحمد محمد حسن المظفر	48	206
compartive study for the effect on intra articular injection of sclerosing agents in rabbits TMJ	شرف زكي مصطفى	49	207
The use of hydroxyapatite in reconstruction of the bony defect in periapical surgery	عبد الوهاب يحيى محمد الدليمي	50	208
	بشير محمد جعفر سلمان السهيل	51	209
microvascular anastomosis comperetive syudy between end to end(sleeve) technique	أحمد حامد جمعة	52	210
Incidence of maxillary sinus involvement in mid facial trauma and its early postoperative changes	مهدي يعقوب كزار	53	211
Naso ethmoid injuries in facial trauma.	عمر وليد ماجد	54	212
comparsion between CT scan and angiogram in head and neck	سحر عبد القادر اسماعيل	55	213
the use of comutarized tomography in the diagnosis of facial fracture	ابراهيم سعيد	56	214
the use of modified mandibular fracture score to predict IMF period and postoperative complications.	ناصر فيصل البربري	57	215
The predictive value of tumor depth for cervical lymph node metastasis in oral squamous cell carcinoma(prospective and retrospective study)	أميرة خليل محمد	58	216
indection of new bone formation ceramic hydroxyapatite and autogenous bone marrow	أيمن خميس جاسم	59	217
Bone lengthening by distruction osteogenesis experimental study on mandible of rabbits.	أقيال عبد المجيد جاسم	60	218
Treatment of middle third hypoplasia in cleft lip and palate patients.	يوسف محمد سلمان الحسين	61	219
The role of ultra osseous graphy in the diagnosis of cervical lymph node.	كريم مكطوف عطية	62	220
cacinoma involving maxillary intrum of patients in baghdad hospitals	عباس خضير	63	221
Micro scopical changes after menisectomy of TMJ.	محمد صدقي عبيد فتحي البنا	64	222
Antral lifting as a pre-implant surgical procedure to augment the alveolar ridge.	علام عبد الكريم	65	223
Clinical + radiography evaluation of the effect of age and jaw site on.	علي درويش عبيد	66	224
Clinical evaluation of nasal fractures management +complication.	باسم عيسى موسى محمد السوداني	67	225
sequemous cell carcinoma of the lip and cheek in four madical centers in baghdad	أحمد صلاح حميد نعمان	68	226
alveolar ridge preservation post extraction by using hydroxy apatite	عبد الرحمن عبد القادر	69	227

موضوع الأطروحة	اسم الطالب	ت	ت التي
Evaluation of chlor pheniramine and ibuprofen in treatment of TMJ disorders	عماد الدين سعد سليم عايش	70	228
	وصفي حسين محمد عموش	71	229
	آلاء محمد شهيد	72	230
Evaluation of the role of orbital ultra sonography in the diagnosis of orbital fractures	ياسر صلاح شاكور	73	231
Conservative treatment of mandibularcondylar process fracture with medial deviation	صلاح جاسم محسن	74	232
The role of the magnetic resonance imaging in the diagnosis of the TMJ disk displacement and osteoarthritis	مهدي عبد الهادي	75	233
The role of spiral CT in the management of patients suspected of having orbital blowout fracture	زينب سعد عبد الحسين	76	234
Spiral computed and sonography for TMJ bony.	رهاف راضي حيدر الركابي	77	235
Therapeutic evaluation of zygomatic complex fractures.	ناصر محمد صدقي	78	236
Ultra sonography in the diagnosis of oro facial diseases.	سعيد فهد عبد	79	237
the role of protein deficiency in the healing of mandibular fractures .	حامد حماد عزيزي	80	238
Crestal bone remodeling around dental implant (computerized analysis)	أقياء صاحب ذياب	81	239
The role of ultrasonography in the diagnosis of TMJ syndrome.	الهام حازم عبد الكريم	82	240
The role of x-ray scale and pulpex sonography in the diagnosis of cervical lymph node metastasis from oral squamous cell carcinoma	نزهة محمود عبد الكريم	83	241
A new method of treatment of oro antral tistule.	أبراهيم حسن يوسف بونس	84	242
Surgical management of TMJ an kylosis with temporalis muscle flap interpositioning	غسان إبراهيم حسين	85	243
Photo-oncogene Bc 12 protein expression in oral carcinoma (suqa... Cell carcinoma and qdenoid cystic carcinoma) of Iraqi patients.	سهى محمد سامي	86	244
The use of tumor progmostic makers for old squamous cell cascinoia of the tongue	علي جبار حسين	87	245
the use of diphenhydramine as local anesthetic	محمد عبد الحسين	88	246
Factors effecting success of end as euos dental implant (root form) prospective .	جبار جاسم كريم	89	247
Evaluation of bone healing with Algipore bone substitute material (clinical and experiential study)	غسان محمد طارق	90	248
An evaluation of the Immediate loaded implants experimental study on dogs.	زيد غاتم	91	249
Evaluation of gunshot Injuries, effects, diagnosis and early management.	بسمة كمال احمد	92	250
The therapeutic evaluation of multiple comminuted mandibular fractures .	ضحى عبد الرحمن علي العساف	93	251

موضوع الأطروحة	اسم الطالب	ت	ت الكلية
Spiral computed tomographic scan and neurophysiologic evaluation of TMJ and associated muscles in rheumatoid arthritis patients	ثائرة راضي ثامر	94	252
the prevalence, pre and post operative complications of impacted lower third molars teeth and the preferable time for their removal in diyala populations	عبد الحميد سالم حميد	95	253
preparation of oxidized regenerated cellulose in iraq and evaluation of its efficiency.	محمد هلال حسين	96	254
Evaluation of incidence and treatment of squamous cell carcinoma of the tongue	ظه ياسين حمدي	97	255
Diagnosis of internal derangement of temporomandibular joint by ultra.	حميد حسن عيسى	98	256
Hisrological + radiological evaluation after dis replacement with tempolation.	أحمد علي سلطان	99	257
Limited mouth opening diagnosis and treatment .	صلاح جوي جاني	100	258
Sodium hyalourouate evaluation of intra-asticulan injection in the treatment of osteoarthritis of tempromandibular joint	عبد الحميد ناطق الدباغ	101	259
Differentiation of pulpopeuiapical Isniono using Doppler ultrasound.	يحيى قاسم محمد	102	260
Clinical and radiographical evaluation of amalgam and mineral + rioxide	ميادة منجي ويس	103	261
Clinical evaluation of complications following the treatment nasal fractures.	نغم حسين علي	104	262
Evaluation of cytological biopsy techniques and toluidme blue in the detection.	علي داود سلمان داود	105	263

موضوع الأطروحة	اسم الطالب	ت	ت الكلبي
Orbital fractures in head injured patients	نبراس حمدان جاسب	106	264
Copasatine study for the sole of pepgen p-15- and algipore on closure of oroantral fistula.	علي ثابت سلمان	107	265
Evaluation of immediate implant placement in fresl extraction.	زيد قبصل حسين الحويزي	108	266
The role of augmentin and amoxillin effects in the impacted lower third molar surgery	مروة نور الدين عبد الرحمن	109	267
B TCP (cerasosb R) in clony defect around dental implant.	روز ممتاز حسين	110	268
The effect of pepgen P-15 and algipore on closure of cleft palate in some pariron.	نادية حمود حسين	111	269
The role of green tea polyphenols and BCG vaccine in prevention and treatment orally induced premalignant and malignant lesion in the cheek mucosa of rabbits by the use of DMBA cacinogen	لقاء شلال فرحان	112	270
Comparative study between inferior alveolar nerve transposition with long endosseous implants and short implants without nerve transposing in treatment of severly atrofied mandibule	سامي خلف جبار	113	271
Evaluation of wound infection in maxillofacial uijusies.	احمد سمور عزيز	114	272
Missle Iinjuries to the lower face, incidence, effects, early management.	محمد خليل شاكر	115	273
Comparison between single implant tooth and multiple teeth after. Creation of interdental/interimplant papillaby using scalloping technique	ناجح جاسم عيسى	116	274
Prevalence and surgical management of basal and squamous cell carcinoma in the skin of head and neck in iraq	حامد ابراهيم محمد جاسم الحوراني	117	275
A comparative study of hemodynamic serponses to lidocaine local anesthesia. With adrenaline and stress befor and after tooth extraction	علي طريف نعمان	118	276
Initial clinical evaluation of soft tissue woundo in maxilla facial trauma.	محمد صلاح هادي	119	277
The local effects of tamadol on onset and duration of local anesthesia of lidocaienand pain intensity after surgical removal of lower wisdom teeth	ياسر حسين علي	120	278
Paroramic evaluation of marginal bone changes in different dental implant system	اتعم شاكر محمود	121	279
Evaluation of facial bone fracture healing by using biochemical markers.	كاروان جهان شوكت	122	280
Pateolytic enzyme bromelain as adjunctive treatment in the management of the complications associated with the surgical removal of impacted lower third molar	علي طالب هاشم	123	281
Evaluation of success rate in periapical surgery using surgical operating microscope.	مهتد عبد الرحمن مصطفى خضير	124	282
Determination of the success sate of immediate loading dental implant in comparision with delayed loading dental implant	حيدر علي رسول	125	283
Evaluation of immediate treatment of maxilla facial soft tirsues injusjries	علي قيس ليثو	126	284
Carcinoma of maxillary sinus in Baghdad hospitals	خضير عباس محمد	127	285
evaluation of chlorophenramine & ibuprofen intrreatment of myofacial pain & dysfunction- a placebo controlled comparative study	سمر احمد طاهر	128	286

موضوع الأطروحة	اسم الطالب	ت	ت الكلية
جراحة الوجه والفكين في الحرب العراقية الإيرانية . دراسة تحليلية 300 جريح	رعد سعيد عبد السادة	129	287
Augmentation of the localized bony defects with synthetic bone substitute in simultaneous dental implant surgery clinical study	محمد عبدالرزاق حميد شهاب	130	288
Assesmet of dental implant stability during healing period and determination of the factors that affect implant stability by means of resonance freuency analysis (clinical study)	نور سبحان ابراهيم دهنش	131	289
the Effect of systemic Administration of simvastatin on Dental Implannt stability :Arandom clinical study	علي محمد حسن مجيد	132	290
comparative study between fiapped and surgical techniques in dentel implantstability according to resonance frequency anlisis	علي فلاح حسن	133	291
enhancement of osseointegration in dental implaants through the use of parathyriod hormone (1-34)experimental study on rabbits	محمود عمر محمود	134	292
Comparative clinical and Radiographical study beteen biodentine and Amalgam As root End Filling materials in retrograde Apicectomy	الام جاسم محمد	135	293
assessment fo the effcacy of sinus balloon technique in transcresal maxillary sinusa floor eleation surgery	هدى معتز اسماعيل	136	294
effect of platelet-rich plasma on osseointegration period of implants	محمد وستان الكيلاني	137	295
lateral ridge splitting with immdeiate placement of endosseous dental implant using piezoleitice	فراس عبد الرحمن جميل سلمان	138	296
evaluation of the immediate implant p;acement in fresh extraction socket	محمد ماجد عبد المنعم	139	297
evaluation of the effect of bone morphogentic protein -2 on stability of dental implant	علي نهاد صالح	140	298
evaluation of osseoinergetation of dentel implants	يونس جبار جليل	141	299
evaluation of the systemic iniflammatory marker c-reactive protein in blood of patients submittted to minor oral surgical procedures	مصطفى محمد عبد الله الياسين	142	300
