

ت الكلي	ت	اسم الطالب	موضوع الأطروحة
2183	1	جوزيف أوديش	Massetric inhibitory period and amplitude in TM internal derangement and associated neuromuscular.
2184	2	عباس فاضل حسين	Effectiveness of vitamin A acid in oral lichen planus.
2185	3	رجاء هادي عباس الجبوري	Oral complications of cancer chemotherapy clinical evaluation of the oral problems in 243 iraqi patients.
2186	4	بان توفيق شريف	اضطرابات الصدغ السفلي لدى عينة من طلاب المدارس الإعدادية في مدينة بغداد - العراق
2187	5	بصير علي عبدالله	Temporomandibular disorders among sample of mosul university students
2188	6	أحمد رضا حمدي	دراسة مقارنة بين أربعة طرق علاجية لاضطرابات الفك الصدغي النوع العضلي المنشأ
2189	7	سمر سالم يوسف	The relationship between cortical thickness of the left second metacarpal indey and mandibular.
2190	8	راند عبدالرحمن صالح العائلي	Healing process in electocautery and co2 laser induced wounds.
2191	9	ليني حسين صالح علي	اضطرابات الفك الصدغي الإسفل لدى عينة من العمال في مدينة بغداد - العراق
2192	10	سرى علي احمد	التغيرات الفلجية وتغيرات في المستويات الجروثومية الفلجية المصاحبة لمرض اللوكيميا الحاد
2193	11	أيمن عبد الرزاق خلف	Histopathological histochemical ultra structural and biochemical studies of submandibular salivary gland in diabetic rat induced by diet and alloxan
2194	12	شائز محمد غفور معروف	Cytopathologic and immunologic study as an aid to the diagnosis of certain vesiculo-bullous lesions
2195	13	أمينة ربحان عجيل حمزة الطائي	Oral and salivary changes during pregnancy.
2196	14	تغريد فاضل زيدان	oestrogen and progesterone hormonal influence as revealed oral and vaginal cytology.
2197	15	وجناء فريد قاسم	Evaluation of salivary electrolytes in the detection of subclinical digitalis toxicity.
2198	16	زاهدة جاسم محمد	Characteristic clinical and biochemical findings in patients with protein energy malnutrition.
2199	17	لقمان محمود اسماعيل	Temporomandibular disorder among the elderly population Iraq.
2200	18	لحافظ محمد داود العزاوي	An evaluation of blinks reflex and brainstem auditory evoked potential in diabetes mellitus patients.
2201	19	فربل محمود عبد الرضا	
2202	20	بشار حامد عبد الله	Oral findings and gingival fine needle aspiration cytology in adult acute leukemic patients.
2203	21	رياض علي يعقوب	Dental findings with salivary physical and biochemical analysis in patients with upper gastrointestinal disorders
2204	22	فواز داوود عبد الرزاق	Cytological, cytogenic and biochemical analysis of behcet's disease and recurrent aphthus ulceration.
2205	23	أحمد عبد الحميد عبد المجيد	tempromandibular joint involvement in rheumatoid arthritis patients.
2206	24	آلاء محمد شهيد	re-evaluation to the diagnostic ability of toluidine blue in the detection and exclusion of oral squamous cell carcinoma
2207	25	منى عزيزجواد الراوي	A study on oral candidiasis in different stages of treatment in pediatric leukemic patients.

موضوع الأطروحة	اسم الطالب	ت	ت الكلي
Detection of mycobacterium tuberculosis and candida albicans in the saliva of patients having pulmonary tuberculosis	غسان ياسين حامد	26	2208
Micro biological, immunological and histological evaluation of effect of iodoform on oral bacteria and healing of wounds in maxilla+lip of rabbit.	فواز أحمد حسن البيرقدار	27	2209
Orofacial, salivary and radiographic changes in major thalassaemic patients in mosul	محمد عز الدين محمد	28	2210
Salivary Iga concentration and oral health status in early onset Type I diabetic patients	سمير عبد الرزاق خليل	29	2211
Salivary analysis and oral symptoms in controlled asthmatic patients.	وداد قرخان جابر	30	2212
The value of cytobrush technique in the diagnosis of oral ulcerative lesions	هالة فوزي احمد	31	2213
Clinico-pathological review of oral pathological conditions at the college of dentistry of Baghdad.	صباح مختار ضمد	32	2214
Clinical effect of different doses of low level laser therapy on healing of recurrent aphthous.	هديل سلمان عبد الكريم	33	2215
Evaluation of different therapeutic measurement in the management of temporomandibular joint dysfunction.	أحسان عبد الله كميل	34	2216
	هالة رحمن جاسم	35	2217
BAX in situ hybridization proliferating cell nuclear antigen immunohistochemical expression.	قنبية علي حسين	36	2218
The effect of oral contraceptive pills in take on biochemical composition & secretion on lyophilized.	رحاب فيصل احمد	37	2219
biochemical & immunological analysis of saliva & serum with evaluation of the oral health status in thalassemia major patients in mosul	أحمد صالح خضر	38	2220
prevalance of candida species and oral candidiasis during menstrual cycle in a sample of women in baghdad city	أوس وليد عباس	39	2221
epidemiological study of oral squamous cell carcinoma and salivary gland tumors using international classification of diseases for oncology	غفران عادل حسن علي	40	2222
tempromandibular disorders incidence and severity in relation to trauma features	مصطفى جواد رويح	41	2223
Threshold sensitivity of taste perception + the role of saliva +zinc level in some physiological+pathological conditions	وسن موفق داود سلمان	42	2224
Saliva and blood lead analysis in relation to oral and salivary finding.	شيماء حامد مدهر	43	2225
oral manifestations microbial and salivary igA study in lymphoma patients receiving chemotherapy	حمزة وليد احمد جاسم	44	2226
estimation of serum immunoglobulin level in patients with recurrent aphthous ulceration and behcet disease	هاشم محمد عبد الله	45	2227
assessment of calcium levels in blood ,hair, saliva, and teeth in a sample of iraqi workers and detection of ental findings	عمار عيسى بشوش	46	2228
assessment of serum &salivary oxidative stress biomarkers with evaluation of oral health status in sample of autistic male children	ميادة حميد رشيد فرحان	47	2229
oral manifestations apoptic activity and rheumatoid factors in serum and saliva of rheumatoid arthritis patients	علي محسن حسين بالقر	48	2230
oral manifestations microbial and enzyme analysis in patients with peptic ulcer	حيدر مهدي عديان	49	2231
oral manifestation biochemical and igA analysis of saliva in hyperthyroid (grave disease)patients (comparative study)	فانطية عنعان عبد الكريم	50	2232

موضوع الأطروحة	اسم الطالب	ت	ت الكلي
oral manifestation ,biochemical ,and IL-6 analysis of saliva in major depressive diorders patients under treatment	عمر فاضل فوزي	51	2233
evaluation of salivary levels of protienaceous biomarkers matrix metalloproteinase (MMP-8) C-reactive protien (CRP) in type 2diabetic patients with periodontitis	الفرح عبد الصاحب عباس	52	2234
salivary assessment of interleukin-6,C-reactive protien and albumin in ulcerative colitis patients in relation to oral findings	محمد حميد عبد الصاحب المظفر	53	2235
association of oral manifestation ,microbiological and salivary igA changes with patients of iron deficiency anaemia	حسين عائد محمد	54	2236
trace elements and oxidative stress markers in saliva of subjects with amalgum fillings	هدى شاكرا احمد	55	2237
ovulation detection through salivary levels of sialic acid glycosaminoglycans	رند محمد عبد الجبار	56	2238
oro-facial manifestations microbial study and salivary enzyme analysis in patients with B-thalassemia major	ملاذ نبيل جعفر سعيد	57	2239
clinical and biochemical study of the effects of lead on serum on serum and saliva total protien and amylase enzyme in lead expose workers	مؤيد هاشم مطلوب محمد	58	2240
assessment of salivary and serum lipid peroxidation antioxidant status and c reactive protein marker in patients with recurrent aphthous stomatitis in a sample of baghdad city	نور هاشم محمد	59	2241
the study of oral manifestations, oxidative stress marker and antioxidants in serum and saliva of rheumatoid arthritis patients	زهراء قاسم هادي مهدي	60	2242
salivary and plasma analysis of oxidative stress biomarkers and biochemical markers with evaluation of oral minifestation in end stage of renal failure patients	بهاء الدين عبد الرحمن هادي	61	2243
tempromandibular disorders in association with stress among students of sixth grade preparatory and students of fifth year high schools	تقى طارق مهنا	62	2244
oral manifestation ,oral health status and saliva composition changes in asample of iraqi systemic lupus erythematosus patients	نور سعد محمد	63	2245
the study of TMJ disorder and anti cyclic citrullinated peptive antibodies in serum and saliva of patients with rheumatoid arthritis	رياء موفق خضر	64	2246
Assessment of serum and salivary oxidant/antioxidant and total antioxidant status of patients with recurrent aphthous stomatitis in a sample of Basrah city	حسين شاطي عبد الجباري	65	2247
Determination of the effect of stress on the salivary cortisol level and myofacial pain among sample of university studens	رنا مرتضى حسن الكتبي	66	2248
evaluation of oral health status in patients receiving antiepileptic medicatins AEMs	فرقد توج عبد	67	2249
oral manifestations microbial study and salivary Iga study in asthmatic patients receiving prednisolone	مشاقق طالب ابراهيم	68	2250
.Evaluation of the orofacial manifestation. Salivary insulin _like growth factor Alkaline phosphatase in serum in and saliva of acromegalic patients	شيماء محمد صالح مهدي	69	2251
Salivary Serum Osteocalcineand alkaline phosphase bimarkers with periodontal status in postmenopausewomenwith osteoporosis	ميثم رياض علي ال حيدر	70	2252
Evaluation of the llevel of melatonin cortistl and jga in saline of with lichen planus lesions	زينب زامل حمدان	71	2253
evaluation of salivarey markers variation (hs0-crp-ii-6) in hyypertensive patients treated with hmg-coa reductase inhibitors	عمر عبد الله مجيد الجبوري	72	2254
Oral finings salivary Iga Interlukin-1 beta and yumor necrosis factar alpha markers in saliva of chronic kidney disease patients undergoing hemodialysis in missan govenorate	فارس عبد حاتم	73	2255
assessment of alpha-amylase and cortisol as salivary psychological strss markess in reation to temporomandiblar disorders among a sampleof dental student	سرمه قيس علي	74	2256
oro-facial manifestaion s.oxidatve stress and antioxdants makers in serum and saliva of patients with beta thalassemia major in kardala city	مؤيد صااحب عباس شمسه	75	2257
