

موضوع الأطروحة	أسم الطالب	ت	ت الكلي
The effect of smoking on the duration of development of gingivitis and types of microorganisms associated in dental plaque	لقاء محمود ابراهيم	1	1805
Oral health status and treatment needs among students of Baghdad	رغد فواد حسن	2	1806
A histochemical study on the peroxidative activity in different entities of chronic inflammatory periodontal diseases	حيدر لفته عبد علي البداوي	3	1807
Periodontal disease and diabetes mellitus a clinical study	صباح صادق صبري المرابطي	4	1808
Oral health status of adult Iraqis 35 years of age and more with different educational levels	آلاء عمران علي ناصر	5	1809
Effect of single and multiple laser radiation on wound healing in rats	خلود عبد الهادي جاسم الصافي	6	1810
Pattern of periodontal breakdown among a selected adult population living in rural areas in the southry	كاوة جنتو محمد امين	7	1811
Prevalence , severity and contributing factors for Nifedipine induced gingival enlargement	جنان خليل حسين احمد	8	1812
The effectiveness of preventive periodontal health education among first year Iraqi dental students	كاظم جواد حنو محمود	9	1813
The signification of locally delivered antibiotic in periodontal therapy aclical and microbiological study.	هالة عبد الزهرة محسن عباس الجبوري	10	1814
periodontal condition in adults with rheumatoid arthritis	فخري عبد الله صبري القيسي	11	1815
The micro flora of plaque associated with chronic marginal and chronic hyperlastic gingivitides.	عبير صباح عبد الكريم الراوي	12	1816
Oral health status and treatment needs among Iraqi school children age 6-12 years.	مها شكري محمود	13	1817

موضوع الأطروحة	أسم الطالب	ت	ت الكلي
The progression of periodontal disease in a selected Iraq adolescence.	فانز أحمد حسن البيرقدار	14	1818
Radiographic and clinical assessment of destructive periodontal disease.	باسمة غفوري علي	15	1819
Radiological and clinical assessments of destructive periodontal disease	عماد عبد الرزاق حمد شلاش	16	1820
The clinical effects of systemic doxycycline and chlorhexidine irrigation as adjunct therapy.	حيدر عبد الأمير عبد السادة الوائلي	17	1821
Prevalence and severity of periodontal disease in diabetes mellitus insulin dependent.	عبد الكريم حسين علوان	18	1822
The efficiency of cappariss spinosa herbal extract as an antiplaque agent.	وسن حسن كرمش حميد	19	1823
Efficiency of mouth rinse lontaninc, triclosun in the development of supragingival plaque.	وسن ضياء ياسين الراوي	20	1824
Effect of reduced alveolar bone height on fracture resistance of freshly endodontically treated teeth.	راند عزيز بديع	21	1825
The effect of mouth washes extracted from myrtus communis and quereucus infectoria on dental plaque formation.	وليد حمودي ابراهيم النعيمي	22	1826
The clinical effectiveness of systematic amoxicillin plus metronidazole as adjunct therapy in the treatment of chronic periodontitis	قيس مؤيد احمد اسماعيل	23	1827
The prevalence, severity and contributing factors of cyclospora induced gingival enlargement.	نوري ضياء نوري حسن	24	1828
Cigarette smoking and periodontal health status a clinical study.	رافع أمجد عبد الحسين	25	1829
The effect of gingival inflammation on pocket depth measurement.	بشرى حمزة صادق احمد	26	1830

موضوع الأطروحة	أسم الطالب	ت	ت الكلي
Gingival bleeding after chlorhexidine rinses with or without mechanical oral hygiene.	عبد المجيد حتروش وادي يوسف العاني	27	1831
Total cement removal : a realistic objective.	عبيد عبد الستار محمد علي	28	1832
Periodontal health stats and thalassaemia major a clinical study.	بسمان عبد المطلب خليل	29	1833
A comparative study on the effect of aia scaler and hand instruments on the root.	سعاد عبد الستار قاسم	30	1834
Periodontal status of patients under NSAIDS therapy a clinical study.	زينب عزيز عبد الامير الوحيد	31	1835
The clinical effectiveness of two applications of 1% chlorhexidine gel subgingivally in the treatment of chronic periodontitis.	نهي عبد الفتاح امين حسن ابراهيم	32	1836
Early onset periodontitis prevalence and associated clinical variables among a selected group of 1000 adolescents in Baghdad.	فريدون مكي الدين مصطفى حسن	33	1837
The clinical effectiveness of sabgindazole get as adjunctive treatment of chronic periodontitis.	مها عبد العزيز احمد	34	1838
The local effects of se-complex on priodontic M.AN expbrimental study in rabbit.	صبا شاذل جاسم طاقة	35	1839
Comparative analysis between perioprobe tips to piezoelectric ultrasonic scalerand hand currette on clinical parameters ofperiodontal disease.	ماجد نهاد عبد المجيد اسماعيل	36	1840
	أيمن حمد عبيد	37	1841
Gingival recession:prevalence and severity and its correlation with soft.	برزان عبد الوهاب مرزا عمر	38	1842
Effect of cigarets smoking on periodontal health status among the fifth year dental.students	زينب حسن ولي	39	1843

موضوع الأطروحة	أسم الطالب	ت	ت الكلي
The periodontal health status of the qat chewers in yemen-sanaa.	محمد سلطان سعيد	40	1844
the effect of mifedipine on the healing of palatal wounds in rats. A quantitative histological study	رافع محمد عباس الجيوري	41	1845
Effect of diabetes, smoking, cyclosporin A , and nifedipine on periodontal disease.	أحمد مكي عبد الرزاق رشيد	42	1846
Severity of gingival enlargement induced by cyclosporine A and nifedipine.	بسمة عدي صبحي محمد	43	1847
Effect of malalignment of the teeth in the anterior segments on the periodontal health.	زينب مجيد حميد العلي	44	1848
Role of salivary IGA in periodontitis with different severity.	سيف سهام سليم جمعة	45	1849
	رلى مشهور عبد اللطيف	46	1850
The response to non surgical periodontal treatment with & without systemic doxycycline in the management of diabetic patients	خالد طالب بندر	47	1851
Periodontal status and treatment needs among the palestinain refugees living.	فادي عدنان عبد الله	48	1852
Prevalence and severity of periodontal disease among Iraqi twin population.	زينب محي حميد	49	1853
Prevalence and intraoral distribution of dentin hype rsensitivity and gingival recession among dental students-college of dentistry, university of Baaghdad.	أسامة ياسين عبد الحسين محسن	50	1854
Periodontal health status in patients fitted with removable partial dentures.	عبد الله غالب عبد الله عمران	51	1855
Periodontal health status and treatment needs among the physically disable fighters.	أيمن رزوقي نعم	52	1856

موضوع الأطروحة	أسم الطالب	ت	ت الكلي
Effect of removable of over hanging amalgam restorations on periodontal health among smokers and non smokers.	عبد الله غالب عبد الله عمران	53	1857
Periodontal disease and coronary artery disease complicated by diabetes mellitus and smoking.	أيسر نجاح محمد حسين	54	1858
The periodontal health status of postmenopausal women and its relation to bone mineral density	لينا هلال عبود تقي	55	1859
A clinical and microbiological comparison of the effect of water and 0.1% chlorhexidine.	علي عباس عبد الكريم	56	1860
Prevalence and oral hygiene status related to gingival recession of adults living in southern part of Iraq.	حازم حميد رشيد	57	1861
Clinical and microbiological comparison of the effect of scaling and root planning with and without antibiotics in the treatment of chronic periodontitis	محمد إبراهيم هزيم	58	1862
The assessment of gingival changes in children with acute lymphoblastic leukemia before and after chemotherapy treatment	أياد خليل رشيد سلوم	59	1863
Comparison of periodontal health status and treatment needs between the arab and the Kurd in northern Iraq	رنا ماجد شريف صالح	60	1864
The relationship between periodontal disease and chronic obstructive pulmonary diseases complicated by poor oral hygiene.	حسين عويد محمد صبيح	61	1865
Scaling and root planning with local synthetic -2 complex injection versus scaling and root in the treatment of chronic periodontitis.	محمد حسين عليوي سهيل	62	1866
Correlation between periodontal disease and elevated serum cholesterol and low density lipoprotein cholesterol levels.	أسماء علي حسين مهدي	63	1867
Effects of oral contraceptive intake on the gingiva.	نهي عكاب حامد	64	1868
Effects of fixed orthodontic appliance on the periodontal health status.	وديدة غازي احمد المهر	65	1869

موضوع الأطروحة	أسم الطالب	ت	ت الكلي
Anti plaque effect of mastic chewing gum.	محمد شوكت عطية جرموط	66	1870
Periodontal health status among patients with chronic renal failure .	حارث فاهم كامل	67	1871
measurements of periodontal temperture and its comparsion to the cervicular fluids flow in the assecment of perio dental disease	أيناس شاكرا احمد ابراهيم	68	1872
Periodontal health study and specific salivary analysis for patients with asthma with different treatment modalities.	سوزان علي سلمان	69	1873
Periodontal health study of saliva and gingival crevicular fluid among diabetics and non diabetics.	رغد فاضل عباس حبيب	70	1874
Assessment of alveolar bone loss and measurement of periodontal status by clinical and digital radiographical analysis in smokers and non smokers.	فراس بشير هاشم	71	1875
Effects of supervised chlorhexidine mouthrinse for school children suffering from gingivitis	رغد توفيق سلمان	72	1876
Quantitative determination of essential elements in saliva associated with different severities.	محمد علي حسن البهادلي	73	1877
Evaluation of periodontal disease and greactive protein as predictive risk factors for cardiovascular diseasedevelopment	عبد الكريم عبد علي هاشم المحمداوي	74	1878
Prevalence and severity of aggressive periodontitis among adults in AL-NAJF city.	حيدر رعد عبد الباقي	75	1879
Periodontal health status and treatment needs among the young adults and adults in Al-Anbar governate	منتقى طاهر عبد الوهاب	76	1880
The relationship between periodontal disease and chromic obstructive pulmonary disease associated with smoking	قيس خزعل كاظم عباس	77	1881
Periodontal health status with serum and salivary immunoglobulins analysis for smokers and non smokers.	زياد نزار مجيد علي	78	1882

موضوع الأطروحة	أسم الطالب	ت	ت الكلي
Evaluation of salivary enzymes activities among patients with chronic periodontitis	مصطفى جلال عبد الهادي	79	1883
Materials periodontal disease and its relationship to birth and low birthneiant	زينب محمد سلمان	80	1884
Periodontal health status of Beta Thalassemia Major patients	سمير عبد الواحد معتوق	81	1885
salivary antioxidant and nutritional status among chronic periodontitis patients	سامر سالم جعفر مهدي	82	1886
regulation of HbA1c of uncontrolled daibetic obese and normal weight patient by self preformed oral hygiene controle	سناء فائق حضرتي نوروز	83	1887
evaluation of non surgical treatment ogf chronic periodontitis by asseessment of enzymatic activity	حيدر صادق باقر	84	1888
detection of specific of IgG and IgA antiepshtine barr virius in salive of chronic perio dontitis patients and healthy subjects and corelation with severity of chronic periodontitis	وسن عدنان عبد عون هاشم	85	1889
experamental gingivitis in ovar weight subjects clinical and microbiology study	هديل محمد عبود	86	1890
evaluation of serum anticyclic citrulinated peptide antibodies level in rheumatoid arthritis patients with and without periodontitis	فاتن محمد جار الله ميسر	87	1891
corelation between biochemical analysis and periodental health status and tooth loss in chronic renal failure	علي جعفر باقر	88	1892
assessment of salivary elements (zinc , cupper and magnesium )among group of patients with rheumatoid arthritis and chronic periodontitis and its corellation to periodontal health status	اليمامة محمود علوان حمادي	89	1893
biochemical analysis and periodental health status and tooth loss in chronic renal failure with tooth loss in type 1 ^ type 2 diabetes	صلاح مهدي ابراهيم عيدان	90	1894
Salivary uric acid, total protein and periodontal health status variation in relation to the body mass index	هديل مازن اكرم فاضل	91	1895

موضوع الأطروحة	أسم الطالب	ت	ت الكلي
Relationship between periodontal disease and C- reactive protein among hypertensive patients under beta blocker anti-hypertensive drug	غياث عبد الباري محمد	92	1896
Clinical evaluation of ER:YAG laser in the treatment of periodontitis in comparision with that of hand and ultra sonic treatment	فهد ميزر عبد الجبار الدباغ	93	1897
detection of salivary flow rate and minerals in smokers and non smokers with Assessment of Transforming growth factor beta one	عمر هشام علي احمد	94	1898
immunohistochemical expression profile in the gingival tissue of patients with different forms of periodontal diseases	بسمة فتحي علي الانباري	95	1899
The effect of somking and passive smoking on periodontal heath status and salivary enzymes level ( comparative and buochemical study	بان كريم حسن	96	1900
periodontal health status of heavy and light smoker and iths correlation with superoxide dismutase enzyme	بنار جبار علي	97	1901
evaluation of serum and salivary adipokines (leptin and resistin) levels in periodontal health and disease	طالب علي كريم النجاتي	98	1902
assessment of serum levels of matrir metalloproteinase-8 and high sensitive c-reactive protein in chronic periodontitis patients in relation to atherosclerotic cardiovascular disease	زينب جليل رحيم شرهان	99	1903
effect of the examination stress on periodontal health status and salivary IL-1B among iraqi dental students	عنراء علي محمود	100	1904
Assessment of serum Interleukin 1B and its correlation with periodontal health status during pregnanc and its correlation with periodontal health status during pregnancy	نادية محمد كاظم الشويلي	101	1905
Estimation of soluble cd 14 level in saliva of patients with different periodontal conditions its correlation with periodon with periodontal health status	سارة احسان حسين	102	1906
Quantitative detection and correlation of Epstein-Barr virus in plasma with gingivitis and severity of chronic periodontitis by using Real-Time polymerase chain reaction technique	ندى كاظم عمران	103	1907
early detection of periodontitis among young adult cigarette smokers and non smokers using cone bean computed tomography	ميسم علي كاظم	104	1908
Assessment of some salivary Enzymes levels in type2 Diabetic patients with chronic periodontits (clinical & biochemical study)	عسق عاصم عبد الوهاب محمد سعيد	105	1909
Correlation between periodontal health status and some salivary parameters in pregnancy	لقاء صباح حسن محمداوي	106	1910
phototoxic efect of visible blue light on Aggregatibacter actinomycetemcomitana And porphyromonas gingivalis In patients with chronic periodontitis (an in -vitro study )	علي رعد عبد العزيز	107	1911
Antibacterial Effects of green tea extracts on periodontal pathogens Aggregatibacter actinomycetemcomitans and porphyromonas (gingivalis)(in vitro study	ميس جمال مجيد	108	1912
Assessment of interleukin -1B levels in gingival crevicular fluid and serum of patients with gingivitis and chronic periodontitis (comparative study)	افشان عبد الكريم حسين	109	1913
antibacterial effect of propolis extracts againts anaerobic periodontal pathogens	صبا صلاح الدين مهدي	110	1914
effect of light smoking on salivary leves of alkaline phospatase and osteocalcin in chronic periodontitis patients	لهابية عبد الصمد عبد الامير	111	1915

موضوع الأطروحة	أسم الطالب	ت	ت الكلي
evaluation of the effectiveness of coenzyme q10 gel in management of patients with chronic periodontitis	طيف مهدي صالح الظالمي	112	1916
effect of 8% hyaluronan as an adjunct in the treatment of chronic periodontitis and anaerobic periodontal pathogen	بسام صباح عبد الحميد	113	1917
assessment of salivary leptin and resistin levels in type 2 diabetic patients with chronic periodontitis	ديلان نامانج صابر	114	1918
The influence of cavity design for cusp coverage on fracture strength of weekend maxillary first premolars using two esthetic restorative systems	زينب سلمان جواد سلمان	115	1919
effect of LED light on depth of cure and microhardness of three types bulkfill composite (A comparative study)	مهني رسول عبد الاخوه	116	1920
Evaluation of the efficiency of three different obturation techniques to obturate the isthmus area of roots canals prepared by two different instrumentation techniques	حسن محسن جواد الرمحي	117	1921
Early and delayed effect of 2% chlorhexidine on the shear bond of composite restorative material to dentin using a total etch adhesive	ربيع جاسم خليل	118	1922
the effect of flowable composite base type and thickness on compressive strength of composite restorations	جابر فائز عبد الكاظم الابراهيمي	119	1923
an evaluation of the solubility of four endodontic sealers in different	نور حيدر فاضل	120	1924
an evaluation of the efficacy of different gingival retraction material on the gingival tissue displacement	زينب محمد داود	121	1925
the influence of different fabrication techniques and preparation designs on the marginal adaptation of ceramic veneers	بشائر عبد الصاحب نجم	122	1926
marginal fitness of cad/cam all ceramic crowns constructed by direct and indirect digital impression techniques	رنا موفق خضير	123	1927
the effect of ceramic thickness and number of firings on the color of two all-ceramic systems measured two types	زيد عبد المهدي عبد الامير المراح	124	1928
comparative evaluation of the centering ability and canal transportation of simulated s-shaped canals instrumented with different nickel-titanium rotary systems	سرى عبد الامير	125	1929
correlation between salivary vitonin and kinase levels with periodontal health status of patients with coronary atherosclerosis and chronic periodontitis	بسمة رعد عمر صالح	126	1930
assessment and correlation of salivary lactoferrin $\alpha$ -amylase pH and flow rate levels in patient	حيدر جعفر طالب	127	1931

موضوع الأطروحة	أسم الطالب	ت	ت الكلي
detection of granulocyte chemotactice protein 2 in serum of peridont	سجى غني حسين	128	1932
the periodontal heath stutus of patints with maxillaey cheonic rhiniosinustist	سهير محمد زكي	129	1933
stauts with salivary matix metallopoteninas -9 leveal and toal salivary correlation of peroodontal heath	سرى داخل حسن	130	1934
assessment and correlation of salivary level of receptor actvator nuclear factor kb ligand and alkaline	حسين علي موسى	131	1935
serum level of tnf-a and il-17 in patients having chronic petriodontitis associatde	منىير نصر حامد	132	1936
