| 7  | 15th Euro Congress on Dental & Oral Health Conference                 | 24 – 26 October               | Rome, Italy     | Presentation |
| 8  | Research Away Day at UCL.   | 4th November                  | London          | Presentation |
| 9  | ICODS 2017: 19th International Conference on Oral and Dental Sciences | 2017                          | Hungary         | Presentation |
| 10 | Al-Najaf Dental Conference  | 2018                          | Iraq            | Presentation |

### **■ Seventh, Scientific Activities:**

| <b>Within the College</b>   | <b>Outside the College</b>  |
|---|---|
| Continuing education programs in College of Dentistry/University of | Continuing education programs of Iraqi and British dental association (BDA) |

## ■ Eighth, Publications

| No. | Research Title  | Place of Publication                              | Year |
|-----|---|---|------|
| 1   | The solubility of zinc oxide eugenol root canal sealer (Endofil) in normal saline solution at different time Intervals  | . J Bagh College Dentistry, 17(3).                | 2005 |
| 2   | Comparison of microleakage in three different retrograde cavity preparations with Mineral Trioxide Aggregate as filling material.   | . J Bagh College Dentistry, 22(3).                | 2010 |
| 3   | The effects of different acid porcelain surface treatments on composite - porcelain shear bond strength.  | J Bagh College Dentistry, 22(4).                  | 2010 |
| 4   | The effect of drinking yogurt on the microhardness of posterior composites resin.   | Almus Dent J, 8 No.:2                             | 2011 |
| 5   | A novel experimental approach to investigate the effect of different agitation methods using sodium hypochlorite as an irrigant on the rate of bacterial biofilm removal from the wall of a simulated root canal model. | Dental Material, 32(10), 1289–1300.               | 2016 |
| 6   | Investigation to test potential stereolithography materials for development of an in vitro root canal model.  | Microscopy Research & Technique, 80 (2), 202-210. | 2016 |
| 7   | Investigations into in situ Enterococcus faecalis biofilm removal by passive and active sodium hypochlorite irrigation delivered into the lateral canal of a simulated root canal model.                                | Volume51, Issue6<br>June 2018                     | 2018 |

## ■ Ninth, Membership:

- Iraqi dental association since 1998 till present time.
- Iraqi endodontic society.

- **International association of dental research (IADR).**
- **British Society of Dental research (BSODR)**
- **Iraqi Division of IADR.**

**■ Tenth, Awards and Certificates of Appreciation:**

| <b>No.</b> | <b>Name of Awards and Certificates</b> | <b>Donor</b>                       | <b>Year</b>    |
|------------|--|------------------------------------|----------------|
| <b>1</b>   | Certificates of Appreciation           | President of Baghdad University    | <b>2005</b>    |
| <b>2</b>   | Certificates of Appreciation           | Dean, Baghdad College of Dentistry | 2011 2010,2011 |
| <b>3</b>   | Certificates of Appreciation           | President of Baghdad University    | 2017           |
| <b>4</b>   | Certificates of Appreciation           | President of Baghdad University    | 2018           |
| <b>5</b>   | Certificates of Appreciation           | Dean, Baghdad College of Dentistry | 2018           |
| <b>6</b>   | Certificates of Appreciation           | President of Baghdad University    | 2018           |
