

جدول الامتحانات ( النهائي ) للفصل الثاني لطلبة الدراسات العليا للعام الدراسي 2023 - 2024

| التاريخ  | المواد    | الاختصاصات                                   |        |            |            |           |           |             |             |             |           |           |
|----------|-----------|--|--------|------------|------------|-----------|-----------|-------------|-------------|-------------|-----------|-----------|
|          |           | OS MSc                                       | OS PhD | Prosth MSc | Prev MSc   | Ortho MSc | Ortho PhD | Conserv MSc | Conserv PhD | Perio MSc   | Micro MSc |           |
| الاحد    | 5/26/2024 | Advanced Esthetics And Restorative Dentistry |        |            |            |           |           |             |             | Conserv PhD |           |           |
|          |           | Oral Medicine                                | OS MSc | OS PhD     |            |           |           |             |             |             |           |           |
|          |           | Nutrition                                    |        |            |            | Prev MSc  |           |             |             |             |           |           |
|          |           | TMD Disorders, Orofacial Pain and Occlusion  |        |            |            |           |           | Ortho PhD   |             |             |           |           |
|          |           | Oral Microbiology                            |        |            |            |           |           |             |             |             |           | Micro MSc |
|          |           | Restorative And Esthetic Dentistry           |        |            |            |           |           |             | Conserv MSc |             |           |           |
|          |           | Prosthodontics                               |        |            | Prosth MSc |           |           |             |             |             |           |           |
|          |           | Biomechanics And Space Analysis              |        |            |            |           | Ortho MSc |             |             |             |           |           |
| الاربعاء | 5/29/2024 | Orthodontic treatment Techniques             |        |            |            |           | Ortho MSc |             |             |             |           |           |
|          |           | Implantology + Advanced Dental Implantology  | OS MSc |            | Prosth MSc |           |           | Conserv MSc | Conserv PhD | Perio MSc   |           |           |
|          |           | Biomaterials                                 |        | OS PhD     |            |           |           |             |             |             |           |           |
| الخميس   | 5/30/2024 | Advanced Orthodontic Techniques              |        |            |            |           | Ortho PhD |             |             |             |           |           |
|          |           | Oral Epidemiology                            |        |            |            | Prev MSc  |           |             |             |             |           |           |
|          |           | Molecular Biology and Bacterial Genetic      |        |            |            |           |           |             |             |             | Micro MSc |           |
| الاحد    | 2/6/2024  | Occlusion                                    |        |            | Prosth MSc |           | Ortho MSc |             | Conserv MSc | Conserv PhD | Perio MSc |           |
|          |           | Cariology                                    |        |            |            | Prev MSc  |           |             |             |             |           |           |
|          |           | Oral and Maxillofacial Surgery               | OS MSc |            |            |           |           |             |             |             |           |           |
| الاثنين  | 3/6/2024  | Advanced Orthodontic Biomechanics            |        |            |            |           | Ortho PhD |             |             |             |           |           |
|          |           | Oral And Maxillofacial Surgery               |        | OS PhD     |            |           |           |             |             |             |           |           |
| الثلاثاء | 4/6/2024  | Periodontics                                 |        |            |            |           |           |             | Conserv PhD |             |           |           |
| الأربعاء | 5/6/2024  | Oral Histology                               |        |            |            |           | Ortho MSc |             |             |             |           |           |
|          |           | Dental Biomaterials                          |        |            | Prosth MSc |           |           | Conserv MSc |             |             |           |           |
|          |           | Pharmacology                                 | OS MSc |            |            |           |           |             |             |             |           |           |
|          |           | Microbial Physiology                         |        |            |            |           |           |             |             |             | Micro MSc |           |
| الخميس   | 6/6/2024  | Advanced Biomedical Imaging                  |        |            |            |           | Ortho PhD |             |             |             |           |           |
|          |           | Advanced Prevention                          |        |            |            | Prev MSc  |           |             |             |             |           |           |
|          |           | Advanced Dental Biomaterials                 |        |            |            |           |           |             | Conserv PhD |             |           |           |
| المسبت   | 8/6/2024  | Oral and Maxillofaical Pathology             | OS MSc | OS PhD     |            |           |           |             |             |             |           |           |
|          |           | Oral Pathology                               |        |            |            |           |           | Conserv MSc | Conserv PhD | Perio MSc   |           |           |
|          |           | Orthognathic Surgery                         |        |            |            |           | Ortho MSc |             |             |             |           |           |
| الاحد    | 9/6/2024  | Geriatric Dentistry                          |        |            | Prosth MSc |           |           |             |             |             |           |           |
|          |           | Advanced Virology                            |        |            |            |           |           |             |             |             | Micro MSc |           |
|          |           | Cephalometric Radiography                    |        |            |            |           | Ortho MSc |             |             |             |           |           |

|          |           |                                 |        |        |            |          |           |           |             |             |           |           |
|----------|-----------|---------------------------------|--------|--------|------------|----------|-----------|-----------|-------------|-------------|-----------|-----------|
| الاثنين  | 10/6/2024 | Advanced Biostatistics          |        | OS PhD |            |          |           |           |             | Conserv PhD |           |           |
|          |           | Periodontics                    |        |        |            | Prev MSc |           |           |             | Conserv MSc |           |           |
|          |           | Oral and Maxillofacial Imaging  | OS MSc |        |            |          |           |           |             |             |           |           |
|          |           | Surgical Orthodontics           |        |        |            |          |           | Ortho PhD |             |             |           |           |
| الأربعاء | 12/6/2024 | Scientific Research Methodology | OS MSc | OS PhD | Prosth MSc | Prev MSc | Ortho MSc | Ortho PhD | Conserv MSc | Conserv PhD | Perio MSc | Micro MSc |
| الخميس   | 13/6/2024 | English Language                | OS MSc | OS PhD | Prosth MSc | Prev MSc | Ortho MSc | Ortho PhD | Conserv MSc | Conserv PhD | Perio MSc | Micro MSc |

-ستكون الامتحانات لجميع المواد الدراسية حضوريا لمدة 3 ساعات ( 9 صباحا - 12 ظهرا).  
-يمنع الطالب/ الطالبة من دخول قاعة الامتحان بدون هوية.

أ.د. رعد الهاشمي  
عميد كلية طب الاسنان

ا.د. سيف سهام سليم  
معاون العميد للشؤون العلمية والطلبة
